Meet Simone

Simone is the creative force behind Simone Arora Photography. Over the past 6 years, she's honed her skills in wedding photography, posing psychology, true to life editing, and intentional lighting.

What she delivers to her clients matters to her and she has made it her mission to delivery photos that look and feel just like the moment she took them.

She has become known for transforming the wedding experience into something effortless and fun. Her clients leave her

beaming over and over with, "Wow, that was really easy."

Her electrifying personality helps couples and guests relax, and they trust her to put them in the best lighting and position without feeling overly posed. She turns moments into art that will fight for a spot on your wall or nightstand.

Travel has always been near and dear to Simone. She lived abroad for a year chasing the sun and good food, people and great scenery. Simone has traveled to Jamaica, Norway, Mexico, and more for Destination Events and is honored to capture your love near or far.

Simone's approach to weddings starts with each couple individually. Shy couples, nervous couples, confident and bold couples. Each wedding day varies the type of guidance, pace, and method to getting the shot. Mixing editorial + documentary styles of photography, Simone ensures each couple's day and personality is treated with the care and respect it deserves.

Your wedding day should be filled with excitement, expertise, and emotion. Skilled vendors can help put an emphasis on all the best parts of the day, while taking care of all the detracting factors quietly, without pulling your attention away from your moment.

Simone Arora Photography has been featured in **Wedding Day Magazine**, **Here Comes the Guide**, and **EVOL LGBT**. She believes in human rights, love is love, and science.

Kind Words

"It was wonderful reviewing the photos and seeing so many, "omg I didn't even know she captured that!" moments. With having such a small wedding in an intimate place like J Bar M Ranch, we wanted to work with someone we know and trusted and could kind of relinquish power to. It was nice having one less thing to worry about and have you coach us up/give instructions! You are absolutely amazing at what you do. Your knowledge of locations, timing, angles, lighting, etc is incredible and helped us capture photos of our wedding we didn't even know were possible and had never seen in wedding shoots before. In addition, you're so open to working with how we wanted to be worked with. You roll with things and provided subtle guidance and instructions letting us lead the way."

"Beginning to end, our experience was perfect! Your comfort behind the lens is obvious, and your production in photos is unmatched. You really engaged with us to identify not only our wants and needs, but also to familiarize yourself with us as a couple. Because you're so personable, you're able to capture really authentic photos. We had very specific requests and every one was fulfilled.

The amount of effort put in to assist us on our day was above and beyond any standard photographer's duties. I truly felt like I had a friend by my side. By far, our favorite vendor to work with."
